

whoami?

teaching multimedia.

babylonian confusion.

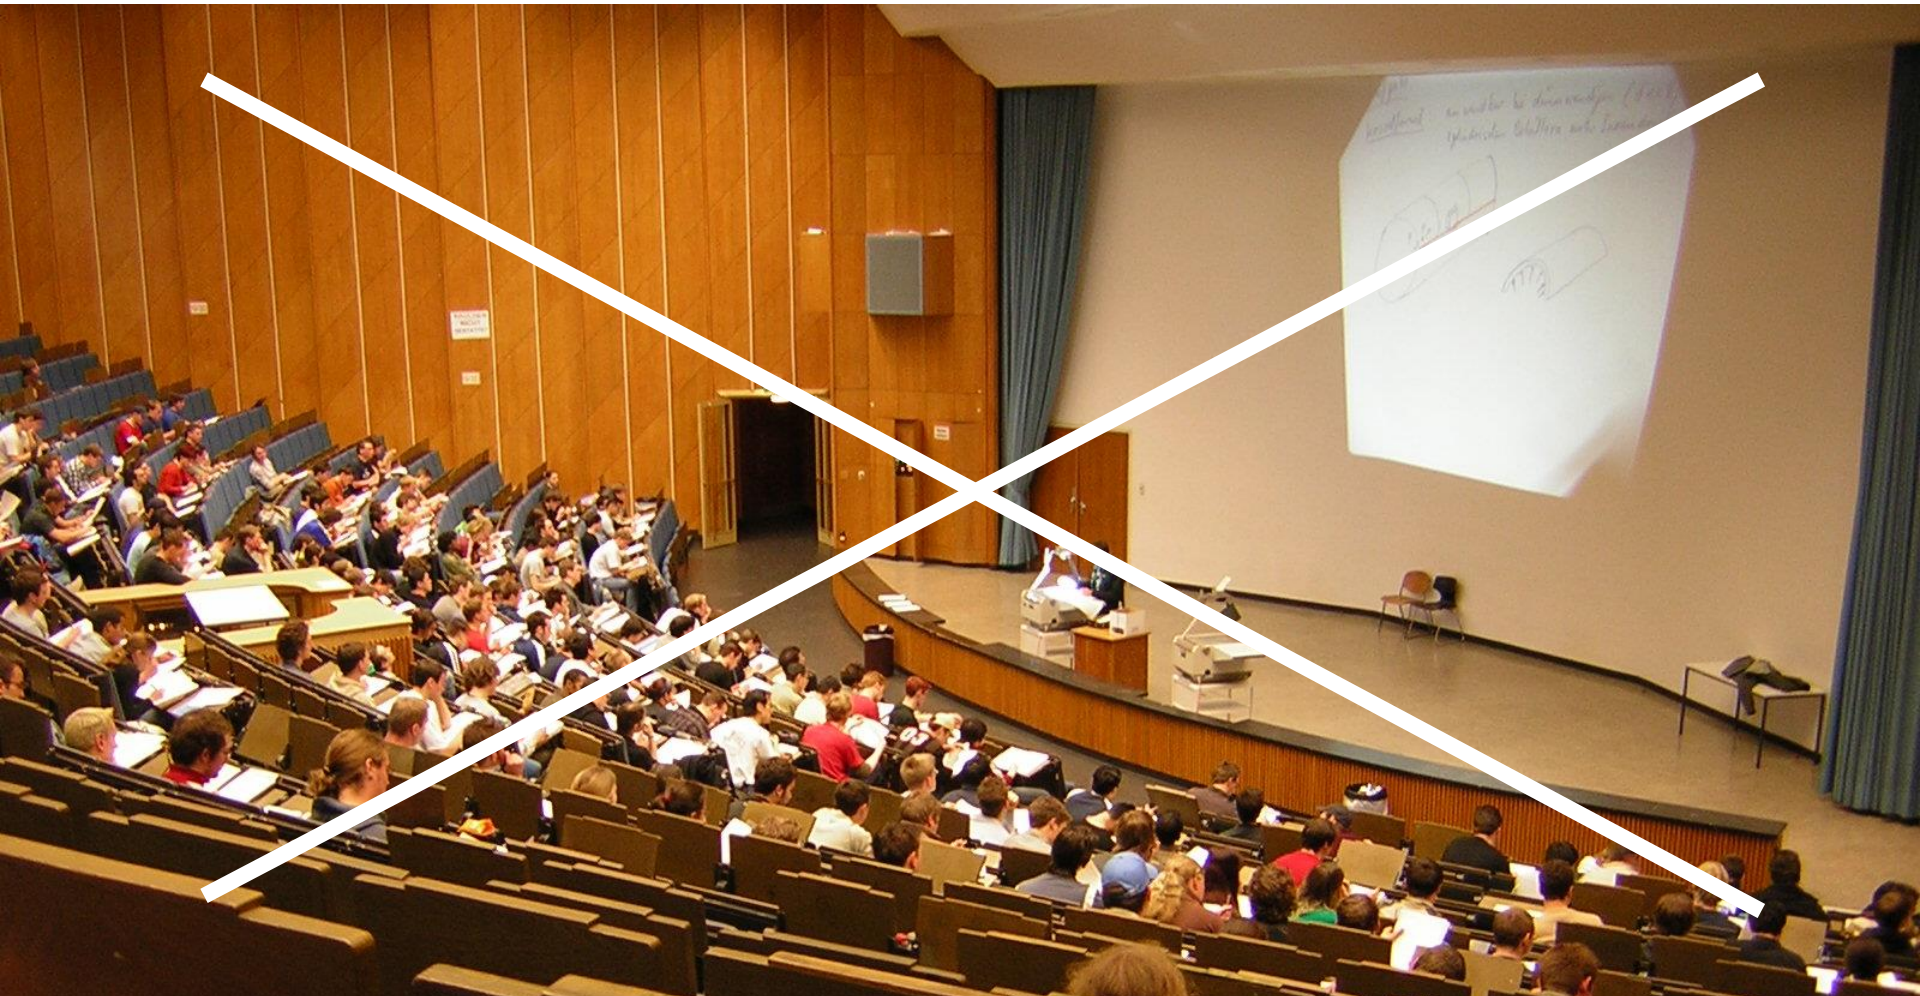

social skills
hypothetical

we need education.

children starting school next year will be retiring in 2080.

education will take us into a future we cannot grasp.

but how?

rather like this.

or like this.

or like this.

or like this.

it's about creativity.

pablo picasso: every child is an artist.

the problem is to remain an artist as you grow up.

ken robinson: school kills creativity.

school today.

school today.

education and creativity.
